

“We Speak Greek in March” Teleconference

In the framework of the campaign [We Speak Greek in March](#) students aged 14+ will participate in a [Teleconference](#) organized by the online greek language school [Greek Lessons OnLine](#) and supported by the Greek Orthodox Community of Melbourne and Victoria.

Day and Time of the teleconference

In order to make participation feasible for more people, this year we will run two separate events:

- Sunday **March 19th at 11:00-12:00** Athens time
- Sunday **March 19th at 19:00-20:00** Athens time

Please sign up to join the event that suits your schedule by clicking [here](#)!

Purpose of the Event

The purpose of the event is to promote the Greek language, to encourage communication and create bonds of friendship between students who learn Greek and live all over the world. Moreover, through new technologies we are aiming to connect students who share the same cultural background. This meeting could result in enhancing the daily use of the Greek language, as well as stimulating students' interest for learning our amazing and beautiful Greek language.

Past Teleconferences

In 2015 and 2016 more than 50 students joined the teleconferences from Italy, Norway, France, Greece, Germany, United Kingdom and Australia. All participants were involved in language activities and games, exchanged emails, talked with each other and they enjoyed themselves so much that they actually remained in the

teleconference room and continued talking, although the official part of the teleconference had ended.

Teleconference content

All participants will take part in fun language activities, which will involve mainly speaking but also writing. The participants will be provided with the opportunity to meet other students who share the same love for the Greek language, even though they live hundreds of miles apart. All participants will also be invited to join a FB group which will be specially created for the purposes of the teleconference.

Participation

Participation is free and there is a limited number of spots available. All students aged 14+ of the greek diaspora who live in the USA, Canada, Europe, Africa, Asia, and Australia can take part. Participants need to be able to speak basic Greek.

Guests

This year we intend to involve known Greeks – scientists, journalists, actors, singers- that could be a great inspiration to all these students. These people could possibly record a video message for the participants or even better join our live teleconference. Last year the greek actress Lila Baklesi sent her special message and this year we hope for even more!
